Why Language Camps?

Summer Learning Camp: play, learn, grow

Looking to keep your kids entertained throughout half term?

If your children are aged 8-18 years, kick back, relax and enjoy some me-time in club while we take care of the rest at our kids' holiday camps.

- Raising achievement and aspirations
- Encouraging independent learning
- Making learning enjoyable with our specially designed curriculum tailored to meet identified needs of children and address skills gaps

Fun for all juniors and their friends

Kids holiday camps are open for everyone, and of course, all of the sessions are supervised by friendly OFSTED-registered team who are experienced in working with children.

There are 3 styles of camps, all of which are 2-week programs that can be extended to 4 or even 6 in some cases.

Academics & Activities: Ages 8-17 years. These camps will combine the learning of a chosen study, such as languages, STEAM or computing with their chosen activity focus. Each camp has its own unique focus based on the school's beautiful location and specific facilities. The activities span many options such as; •

- Adventure
- Multi-sports
- theatre performance
- Fashion
- Arts

Specialist Camps: Ages 8-17 years. Dedicated to one activity with a single itinerary, such as;

- Elite tennis
- Golf
- Polo or Scuba Diving
- Watersports

Tour & Explore: Ages 14-18 years.

This is for students who wish to travel as young adults, experience new cultures, and be involved in the community and environmental projects that can go towards their CAS or written statements for college and university.

Organiser: CERAN Academy

On Wednesday you will explore the beautiful cities of Brussels and Ghent! The first week you will visit the Banksy Museum and eat at the Wolf food market in the capital.

The second week, you will take a boat trip through the medieval quarter of Ghent after a typical meal from the region.

CERAN Academy offers you daily sports activities: martial arts, fitness, badminton, and artistic experiences! You will produce YouTube videos, recreate famous artworks and music clips as well as legendary album covers.

During the lessons

SOCIETAL CHALLENGES, ART & MUSIC

After your intensive morning lessons, you will discover musical artists and Banksy, a famous street artist, whose works of art raise important social issues like for example ecology!

You will be able to create your own artwork based on the theme of music or visual arts and you will broaden your knowledge of these two fields.

All this while learning new expressions in the target language!

CAPITAL OF EUROPE & THE SURPRISING CITY OF GHENT

You will discover the cities of Brussels and Ghent, their history, monuments and curiosities.

You will prepare these two excursions during the afternoon class activity.

You will be able to use what you have learned in class with your activity leaders during these cultural and entertaining getaways!

VIDCON EVENING AND CERAN'S GOT TALENT PARTY

Every Friday evening, a "CERAN Awards" party on the week's theme will be organised! A big VIDCON event will be held to present the videos created during the week: you will incarnate your favorite youtubers (Gaming, Lifestyle, Beauty, ASMR, Humour, etc). The second week, you will participate with your activity leaders in a wild "CERAN's got talent" in front of a Jury. Two exciting evenings preceded by a delicious meal served in the castle. Bring The place your best outfit!
